

LICENSE COLLECTOR FILES HIS REPORT WITH GOVERNOR

CONDITIONS SATISFACTORY IN A NUMBER OF COUNTIES—NO COMPLAINT ANYWHERE.

The following report has been filed by State License and Bullion Tax Agent Adamson with Governor Oddie:

Carson, Nev., May 12, 1911.
To His Excellency, T. L. Oddie, Governor, Carson City, Nev.

Dear Sir—In accordance with law I beg to submit herewith a detailed statement of license conditions obtaining in each of the fifteen counties of the state for the quarter ending December 31, 1910; also statement showing bullion tax reports and condensed statements of output of mines and mining properties in the various counties supporting such industries, for the same period.

Licenses.

Churchill county—License conditions are satisfactory with the exception of billiard license, which the sheriff has evidently overlooked. He has been fully instructed on this subject and promises to give this source of revenue his close attention in future.

Clark county—There are a number of cases of apparent neglect to collect proper licenses in this county, and several individual cases are now the subject of personal investigation by this department with the assistance of the sheriff of the county. It is but justice to the present sheriff to state that these cases are all prior to his assumption of the sheriff's office.

Douglas county—Same remarks apply as to Churchill county.

Elko county—License conditions satisfactory.

Esmeralda county—License conditions satisfactory.

Eureka county—License conditions satisfactory.

Humboldt county—License conditions satisfactory.

Lander county—Same remarks apply as to Churchill county.

Lincoln county—The sheriff reports several minor misunderstandings on license matters throughout his county and asks for instructions. These have been given him specifically and in writing, and I think will be the means of straightening everything out. Otherwise, license conditions in Lincoln county are satisfactory.

Lyon county—Same remarks apply as to Churchill county.

Nye county—License conditions satisfactory.

Ormsby county—Sheep license has evidently been overlooked in this county, and there appears to have been some neglect in making proper collections from boarding houses. The sheriff's office has been fully instructed in both of these matters and has promised to give them especial attention.

Storey county—Same remarks apply as to Churchill county.

Washoe county—License conditions satisfactory.

White Pine county—License conditions satisfactory.

Bullion Tax.

Churchill county—Report has been accepted by this department.

Clark county—Report has been accepted by this department.

Esmeralda county—Several items in this statement are unsatisfactory to this department, and are now the subject of close investigation. It may be necessary to take drastic action in one or more instances, in which event you will be promptly advised.

Humboldt county—This department refuses to accept any part of this statement as from the paying properties. The assessor has been notified in detail as to what will be required to receive the approval of this office, and if amicable adjustment cannot be made in the near future, legal action will be taken.

Lander county—Report has been accepted by this department.

Lyon county—Report has been accepted by this department.

Nye county—Same remarks apply as to Esmeralda county.

Storey county—Report has been accepted by this department.

White Pine county—This report originally and as shown herein, was not satisfactory to this department.

Your agent called on the Nevada Consolidated Copper company at its office at McGill, and subsequently went over a detailed analysis of their auditor and the attorney-general, which resulted in their being

instructed to make a supplemental statement and settlement on \$13,180.23 worth of bullion for the quarter in question and to refrain from making certain erroneous offset deductions against gross yield in future. This they promised to do and this office is in receipt of a letter from the assessor of White Pine county stating that he is in receipt of such supplemental statement.

Respectfully submitted,
E. L. ADAMSON,
State License and Bullion Tax Agent.

DIETZ GUILTY OF MURDER CHARGE

HAYWARD, Wis., May 15.—John Dietz, of Cameron Dam, was found guilty of murder in the first degree by the jury in the circuit court here Saturday and Judge Alexander P. Reid sentenced him to life imprisonment.

According to the provisions of the Wisconsin law, the judge included in the sentence the additional penalty that on October 8 of each year, the anniversary of the crime, Dietz shall suffer solitary confinement for 24 hours, to meditate upon the crime.

The jury found that Mrs. Hattie Dietz and Leslie Dietz, her son, were not guilty, and they were discharged. John Dietz took his sentence smilingly. He probably will be taken to prison Tuesday.

KNOT BADLY TIED.

Justice of the Peace Blanchard performed his first marriage ceremony last Saturday, but he evidently did not apply the right kind of salve to make a lasting job of it. He waited in the holy bonds of matrimony Tony Tomagni and Miss Lena Philipini, and exacted oaths from them that they would love, honor and obey each other for all time. Jense Tomagni and Miss Ida Grull witnessed the marriage as bridesmaid and groomsmen, but it was noticed that the judge did not exercise the privilege of kissing the bride after the ceremony was performed. Maybe this is what caused all the trouble. At any rate, the bride skipped out a couple of days after the marriage and lied herself to her old home in Hawthorne or Tonopah. Tomagni is contemplating a visit to Reno to secure a divorce, and the judge threatens to have the bride arrested for perjury if she can be found, as he claims she has violated the solemn oath she gave at the marriage ceremony. Blanche is considerably disgusted at not being able to do a better job, and will refer all others who contemplate matrimony to Dr. Beatty or Father Molyneux.—Yerington Times.

ON THE HUNT FOR MOUNTAIN SHEEP

Last Tuesday evening Ed Ober, Joe Drullard, John Utter and Billy Floyd arrived in Independence with a fine pack train bound for the White Mountains where they will put in the next two weeks killing mountain sheep for the Academy of Science. They have a dispensation from the state game commission to do this, the killing of mountain sheep being prohibited by law except for scientific purposes.

The party had a fine pack train, fitted up with everything that they could possibly need on the trip, and their experience in this kind of work makes it assured that the expedition will be a success.

There are probably more mountain sheep in the White Mountains than in any other place in this country, bands of hundreds of them having been seen by hunters there. With the protection the government is giving them it will be but a few years until the sheep will probably be as plentiful there as they were in the early days.—Inyo Independent.
